atlas release notes – week to 8th april

Here are the [Atlas](#) release notes for the week to 8th April.

The following items have been deployed to production:

- Support publisher-based content queries.
- Update C4 clip embed codes.
- Fixes for radioplayer on-demand output.

Any questions and suggestions about these, Atlas, and its development, please bring up with the [Atlas community](#). You can also [raise tickets](#), [fork us on GitHub](#), [explore the API](#), and talk to us on [Twitter](#).
